## About us

Museo de las Americas is the premier Latin American Arts Museum in the Rocky Mountain Region. Founded in 1991 by Jose Aguayo, Museo has been serving the community for 30 years as a space for our community to experience Latinidad and celebrate Latinx and Chicanx artists.

## Vision

Museo is dedicated to uplifting the arts and cultures of the Americas and the communities they come from by offering diverse and enlightening exhibitions, special programming and educational activities.

***We are one of only 18 Latin American Museums in the country!***

## Our Exhibits

Museo's innovative exhibitions advance the role of Latinx artists in shaping the local cultural dialogue as a pillar of our community. Over the years, Museo's exhibitions have blended the contextual depth of the past with diverse, new viewpoints of artists today. Museo Sin Fronteras, which presents traveling exhibits of Museo's collection in surrounding communities, has allowed Museo to provide new audiences with the opportunity to experience Latinx art and culture in more accessible settings.
